

## A Taste From Home

*Welcome to Bambú!*

*I grew up in a small village in Vietnam with the rich tastes and flavors from my ancestor's cooking. As a young woman I moved to Hong Kong and experienced Chinese food beyond comparison. Ever since coming to this country sixteen years ago, it has been a dream of mine to bring back the flavors from home and share them. Through Bambú I am bringing those special flavors to you.*

*With the fusion of traditional dishes and progressive tastes, Bambú brings more than just fine lines to the table. Yes, the menu items may seem familiar, but they have a different taste: better and fresher. We shop at local markets, and use only the Twin Cities' premiere food distributors. You will walk away feeling good because we select the freshest and highest quality ingredients, and we take pride in our recipes. We put our heart into every meal through our cooking and our service so that your experience at Bambú is not soon forgotten. I hope you enjoy this taste from home.*

*Thank you for dining at Bambu!*
